

SCHOOL SUPPLIES 2007-2008

This is a list of school supplies for the coming year. All families are asked to bring in school supplies the first week of school and paper towels on the first day of their class' assigned month. (See Below) When you bring your supplies, put your items away in the garage storage area and sign the supply list posted in your classroom. We appreciate everyone's contributions. It enables us to spend more on the children's arts and material needs. Thank you so much!

Unless indicated these items are for all the children to share as a group.

*** If you have two children in the school you only need to bring double of the items in bold type.**

In September bring:

1. **2 four-ounce containers of Elmer's school glue.** (No substitutes please)
2. 2 glue sticks any kind.
3. 1 box of Water colors paints. **Crayola**, or a brand from Art Media or Aaron Brothers. They have a very nice but inexpensive set at Borders Books as well.
4. **Two Uniball pens.** The children love working with them. Gel impact or elite are best, but go for what's on sale.
5. 1 box of colored **Crayola** colored markers, any shades. You may purchase the regular size or thin line (There is more need for thin lined).
6. **Three blank compact Disc.** For pictures and portfolio work.
7. Children 2 and Below, please bring drawing Paper or 1 Ream of Copy Paper
8. Children 3-5, please bring Fiskar scissors (blunted or pointed, children can handle both).

On your designated month please bring

9. **6 Rolls of Paper Towels**
10. **One package** of inexpensive white paper plates.
11. **Two boxes** of **five ounce** Dixie paper cups.

Please put away in the garage storage area and sign off on the list in your classroom.

September/January Rainbows and Teddy Bears

October/February Sunshine Kids and Play Pals am

November/March Tiger Cubs, Super Stars, and Tiny Tots

December/April Kindergarten, Dandy Lions, and Play Pals pm

Reminders will be e-mailed. Please make a note on your calendars.

Please Note:

This year the CCC Advisory Council decided to allow for a school supply "buy out". If you are unable to bring in supplies, you may "opt out" with a check for \$50.00 or \$75.00 for two children enrolled. This will cover the year. We ask that you mail the check in by August 15, or upon registration should you sign up after this date. This will give us plenty of time to get the items purchased for fall. Please make note of your child's name and class on the info line.

Mail to: CCC, 2515 SW 185, Beaverton, Oregon 97006

Materials To Be Used in the Studios

The following is a list of what should be **free** materials that you, Grandma, Grandpa or a neighbor may have. Save them over the summer and bring in the first week of school. If you have things that are not on the list that you think we may like, please leave a message at school, and we'll call you back.

1. Buttons - All sizes and types. One way to collect buttons is to cut them off of old clothes.
2. Beads - Big and small. Look for old necklaces or holiday garlands.
3. Ribbons - Fabric ribbons preferred.
4. Beautiful yarns - Cotton and wool.
5. Wood - Small and smooth pieces. We use wood primarily for gluing. Pine is a nice soft wood, but different types are appreciated. Pieces don't have to be sanded, but make sure that they are not rough enough to cause splinters. No pieces bigger than 6" by 6" square.
6. Natural wood pieces. Are you trimming a tree or even cutting one down. We can sure use these branches cut into little circles, or thin branches for our studio!
7. Driftwood-As many pieces as possible! We use them for play and art!
8. Dried and pressed flowers - The summer is a great time to collect and dry flowers for the art studio.
9. Artificial flowers - Used for gluing projects.
10. Rocks – Big and small ones from the beach, river or Grandpa's old polished rock collection.
11. Raffia and string - Made from natural materials.
12. Unusual materials or paper - Shiny or sheer fabrics, and fancy art papers are great.
13. Metals - Small mesh wire screening, nuts and bolts. We use wire in sculptures.
14. Small stuff - Kids love to glue and create masterpieces. Small fun stuff is the best to glue!
Put a jar in your kitchen and fill it with those fun things that you may come across this summer. (No milk jug lids, toilet paper tubes or food recyclables).
15. Drawing Paper - If you have a source of paper without any writing on it we need it! Also plastic sheets, the kind used for overhead projectors.
16. Wire. Copper and other metal wires left over from electricians. Copper piping pieces.
Soldering wire.

Other ideas? Leave a message for the staff at 503-591-0604 or e-mail your ideas.
