

Creative Children's Center Schedule 2011-2012 September through Mid-June

CCC's schedule is organized by class name, child's age, time and cost. Our multi-age classrooms register an equal number of ages assuring a balanced classroom. Our classes allow older students to take leadership roles, while the younger children benefit from the natural security that mixed-age grouping provides. Children are able to reach their potential based on their individual stage of development, regardless of age.

Parent Help vs. Non-Help & How often one is required to parent help:

We welcome families as assistants in the classroom, yet realize that will not work for everyone. Families may select to work as helpers and pay a reduced tuition or select the regular tuition rate. How often a parent helps is established by the age of the children and class sessions. The difference in tuition prices is determined by the cost of bringing in additional support.

Class Name & Days of the Week	Required Age	Time	Tuition	Parent Helper Tuition & How often per month
