

# Creative Children's Center

## Class Offerings for 2008-2009

**Two to Three Year Olds** - Our Play Pals are supported by an adult to child ratio of one to three. Students meet two times per week. The curriculum is child centered, with daily circle time, art explorations, sensory play, blocks, pretend play, mini-meals, and outside explorations. Parents support each other as learners forming valuable support systems.

**Multi-age Preschool Classes** - Our multi-age classrooms register an equal number of three and four year old students, with no more than ten of each age. Like the one room school house, children support each other's learning while reaching individual developmental goals. In a multi-age classroom students may stay together for more than one year, often with the same teacher. Research has found that language and social skills of all students improve more rapidly and discipline problems diminish as each student is given more responsibility while supporting others. Focusing on developmentally appropriate practices, CCC's curriculum is filled with creative experiences while introducing "big ideas" in meaningful ways.

**Pre-K/High Five Kids** - Some children love school! For those "enthusiastic learners", we suggest attending five mornings a week. Our Pre-K/High Five Kids option allows children to attend both Rainbow Rascals and Teddy Bears at a discounted rate. It's been shown that children that attend 5 days in a row grow by leaps and bounds. **This option is only open to children who turn 4 by September 1. \*Priority Placement is given for this class.**

**Kindergarten** - Believing all children are gifted, CCC's Kindergarten program supports both individual and group goals for our budding geniuses! Learning is not narrowed down to a standardized curriculum of "one size fits all", but instead challenges the group to move forward with purpose. Mathematical thinking, literacy development, music and song, dance and drama, science and art, nature, and community outings, all interweave creating a program that truly gives joy to learning. We meet four hours daily and, have an early entrance date for fall birthdates who are ready to roll.  
*(If you have a child in another class and are parent helping in kindergarten he or she may join us for lunch and story theatre on your parent help day!)*

**Parent Helping** - CCC operates as a parent/child school. Each day we are blessed to have parent involvement in our classrooms. It creates a neighborhood where children, parents, and teachers work as one! The joy of being part of your child's early years is a special time for sure! However if you are unable to participate we still welcome you to our community. We offer two options-Parents may select to work as parent helpers and receive a reduced tuition, or pay the regular tuition if unable to help. Other cooperative responsibilities will still apply, please see the registration form.

**CCC's Teachers** - Creative Children's Center is committed to providing experienced and educated teachers. We work closely as a team meeting weekly and planning together. Teaching assignments for 2008 will be negotiated in the spring and announcements will follow. It is the desire of the current staff that families select classes based on our program's philosophy and the appropriate time placement for your child.
